Write a paragraph about the first  
celebration that you remember when  
you were a child

## My first communion

My first communion was an excellent celebration with my family. Some of my cousins came from Cali. It was an elegant meeting. There was a funny clown with many ballons and some white pigeons. My mother decorated the house and tables and my father was very happy with his parents. I received many presents and hugs. My cousins and my friends drank coke and ate cake. It was a wonderful celebration with all my family.

# MY LAST BIRTHDAY

A writing template on a light beige, textured paper background. At the top, the title "MY LAST BIRTHDAY" is written in a large, bold, black, sans-serif font. Below the title, on the left side, is a small black cursor icon pointing to the right. Ten horizontal black lines are drawn across the page, providing space for writing. The lines are evenly spaced and extend from the left margin to the right edge of the page. The bottom-most line ends with a small black dot.
