MY PLACE IN THE WORLD

Long ago, most of the land masses on Earth were joined together. They were surrounded by one ocean. Over time, this land mass split up and became seven continents we have today: Asia, Africa, North America, South America, Antarctica, Europe and Australia.

The background of the image is a dense, repeating pattern of small, realistic water droplets. Each droplet is rendered with a gradient of light blue and white, giving them a three-dimensional, glistening appearance. They are scattered across the entire frame, creating a textured, wet surface effect.
